IJPM Scope

- Publish leading edge innovative research that significantly advances the field of project management and organizing
  - Managing projects, programs and portfolios, project-based/oriented organizations, project networks, and project-oriented societies.
  - Often related to perspectives as organizational behavior, HRM, strategy, change, innovation, etc
  - Be cautions with over researched topics

- IJPM looks for
  - Mainly empirical papers, qualitative or qualitative, with rigor AND practical implications
  - Review papers, that bring forward a theoretical contribution
  - Conceptual papers from leading people in the particular topic
  - A typical IJPM paper is 8-10.000 words upon submission

- IJPM does not publish
  - Mathematical method application and demonstrations
  - Education papers
